This damage has compromised the structural integrity of the bridge, leading to immediate suspension of all movements across it. Initial inspections suggest that while the bridge deck is risky and cables remain intact, they are at risk due to the weakened abutments.	Deputy Commissioner Lower Chitral has issued an immediate order to stop all movement on the bridge to prevent any accidents. Engineering teams of TMA Chitral have been dispatched to conduct a detailed structural assessment and develop a plan for repairs. Authorities are also informing the local population (1500 approx) about the bridge closure and advising on alternative routes and safety measures.	Deputy Commissioner Office Chitral Lower
